SIGNIFICANT PROJECTS

Diaplasia.eu

- The website had to be replicated from a custom backend to Wordpress, without any interruptions in operation. Even with the very tight timeframe, the project was a success.

Belvedere-hotel.gr

- The challenge was to create a cutting-edge website with a modern, minimalist design, ensuring no shortcuts were taken.

Messiniadeal.gr

- Integrating advanced search features & ensuring a seamless user experience, while maintaining a user-friendly interface.
